10mm Difference between Back-Front
Stability, Acceleration, Maneuverable, Big Wheel Smooth Speeds

Fitness Hi - Lo

4mm Difference between Back-Front
Stability - Maneuverability - Larger Wheel Smooth Speed

Youth Hi - Lo

4mm Difference between Back-Front
Stability - Maneuverability - Smooth roll

VORTECH[®] VENTILATION SYSTEM

Boa Closure Systems

III Key Features and Benefits

- **Glove-Like Fit-** Custom comfort with smooth, even closure and no pressure points.
- **Powerful Closure-** Once locked into place, Boa reels and laces stay that way. No stretch.
- **Micro-Adjustability-** Boa reels offer infinite degrees of fine tuning. Even while skating.
- **Intuitive-** With only one adjustment point, even a child can do it.
- **Fast-** Quick on. Quick off. 1:1 Gear Ratio provides the fastest adjustment on the market.
